

DESCRIPTION

MT-A7757 is a high strength aluminum foil tape coated with a superior performance flame retardant solvent acrylic adhesive. The foil material allows maximum conformability in vapor sealing fiberglass duct boards and FSK systems. A low moisture vapor transmission rate offers outstanding sealing and patching performance, providing an excellent vapor seal. This tape features good aging resistance both indoors and outdoors. A superior quick stick at normal operating temperatures and great performance at low temperatures.

APPLICATIONS

- HVAC industry for sealing joints and seams of foil-faced insulation materials
- Joining and sealing flexible air duct seams and connections
- Seaming foil and FSK insulations
- Seaming Rigid insulation

FEATURES & BENEFITS

- UL723
- cUL-S102

SIZES

- 48, 72 mm x 300 ft.

COLORS

- Silver

PRODUCT CONSTRUCTION

Backing	1.6 mils Aluminum foil
Adhesive	Flame retardant solvent acrylic

TECHNICAL DATA

Total Thickness	3.35 mils
Tensile	10.2 lbs./in.
Adhesion	≥70 oz./in.
Application temperature	-4°F to 104°F (-20°C to 48°C)
Service temperature	-37°F to 248°F (-35°C to 120°C)

STORAGE & USAGE CONDITIONS

Store tape in its original packaging away from direct sunlight and in a cool and dry area. For optimum performance, tape should be used within 12 months of date of shipment. Tape works best when applied to a surface that is clean, dry and free of grease, oil or other contaminants.

The information cited is in good faith and has been established from sources held to be secure and reliable. The values listed are typical properties. Individual rolls may vary slightly from these values. All ECHOtape products are warranted to be free of defects at time of shipment. Many factors can affect the use and performance of a product in a particular application and the user must, by test or otherwise, determine suitability for purpose; Edelstein makes no representation or warranty, express or implied, concerning any application and usage if its products. If ECHOtape product is proved to be defective, the exclusive remedy, shall be for Edelstein to replace the defective product. ECHOtape shall not otherwise be liable for loss or damages, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including but not limited to, contract, negligence, warranty or strict liability.
