

Skyliner® Fasteners

The Skyliner® Fabric System Fasteners are self-drilling HWH (Hex Washer Head) fasteners with bonded washers.

Tek 2 (#12-14 X 3/4") fasteners are supplied for fastening the banding to purlins.

Tek 4.5 (#12-24 X 1-1/4") fasteners are supplied for fastening the banding to frames.

They are supplied in white, black, silver grey, or tan to match banding.

	Drill Point	Drill Capacity	Tensile	Shear	Torsional
Tek 2	SD3	0.035" - 0.210"	2,900 lbf	2,050 lbf	92 lbf-in
Tek 4.5	SD5	0.075" - 0.500"	3,450 lbf	2,989 lbf	100 lbf-in

Recommended Tool: 0 – 2000 rpm screw gun equipped with depth-sensing nose piece

NOT RECOMMENDED: Impact guns or hammer drills
